WHAT IS AN ANTI-BULLYING ANTI-VIOLENCE PLAN (ABAV PLAN)?

The Quebec Education Act (QEA) requires each school to develop an ABAV plan. The plan's main purpose must be to prevent and stop all forms of bullying and violence, including acts of sexual violence and violence based on motives related to, in particular, to skin colour and ethnic or national background. In it, we find:

1. **an analysis of the situation** prevailing at the school with respect to bullying and violence;
2. **prevention measures** to put an end to all forms of bullying and violence, in particular those motivated by racism or homophobia or targeting sexual orientation, sexual identity, a handicap or a physical characteristic;
3. **measures to encourage parents to collaborate** in preventing and stopping bullying and violence and in creating a healthy and secure learning environment;
4. **procedures for reporting, or registering a complaint** concerning, an act of bullying or violence to or with the institution and, more particularly, procedures for reporting the use of social media or communication technologies for cyberbullying purposes;
5. **the actions to be taken** when a student, teacher or other school staff member or any other person observes an act of bullying or violence; or when a report or complaint is sent to the institution by the regional student ombudsman.
6. measures to **protect the confidentiality** of any report or complaint concerning an act of bullying or violence;
7. **supervisory or support measures** for any student who is a victim of bullying or violence, for witnesses and for the perpetrator;
8. specific **disciplinary sanctions** for acts of bullying or violence, according to their severity or repetitive nature;
9. the required **follow-up** on any report or complaint concerning an act of bullying or violence and
10. a **section for sexual violence**; compulsory training activities for management and other personnel; and safety measures to stop sexual violence.

You can find full ABAV plans on all school and centre websites.

HOW IS A SCHOOL'S ABAV PLAN DEVELOPED?

Schools have working teams which bring together several members of the staff to analyze the situation of the school, set targets in relation to the challenges identified and equip themselves with concrete means to prevent and intervene in situations of bullying and violence. The governing board approves the plan developed by the team.

Teams make sure to evaluate annually the objectives of the plan and the means that have been deployed throughout the year to ensure that schools remains a healthy, safe, and caring environment. The team proposes updates to the ABAV plan for the following year based on the observations and recommendations made during the evaluation. Both the evaluation and the updating of the ABAV plan are also approved, every year, by the school's governing board.

Finally, rest assured that it is a priority for the entire school team that students develop in a healthy, safe, and caring environment.

SOME DEFINITIONS IN ORDER TO DISTINGUISH BETWEEN SITUATIONS

CONFLICT

Misunderstanding or disagreement between two or more individuals who do not share the same point of view, values or interests. There are no victims, even if the individuals may feel like they are losing. A conflict may be resolved either through negotiation or mediation.

BULLYING

The word 'bullying' means any repeated direct or indirect behaviour, comment, act, or gesture, whether deliberate or not, including in cyberspace, which occurs in a context where there is a **power imbalance** between the persons concerned and which causes distress and injures, hurts, oppresses, intimidates or ostracizes. (EA)

VIOLENCE

The word 'violence' means any **intentional** demonstration of force of a verbal, written, physical, psychological or sexual nature which causes distress and injures, hurts, or oppresses a person by attacking their psychological or physical integrity or well-being, or their rights or property. (EA)

ACTS OF SEXUAL VIOLENCE

For the National Student Ombudsman, an act of sexual violence is defined as any act involving a sexual component, committed with or without physical contact, including through technological means, toward a student, without their consent or in the presence of a power imbalance. Such an act is likely to raise concern for the safety or development of one, several, or all individuals involved. This act may take the form of gestures, words, attitudes, or behaviors, including those targeting individuals of diverse sexual orientations and/or gender identities.

This definition applies without distinction to student perpetrators aged 12 and over but requires an assessment of reported sexualized behaviors in order to apply it to preschool-aged children or students under 12 years of age. It should be noted that sexualized behaviors exhibited by students under 12, considered either healthy or inappropriate in a school context, are therefore not targeted by this definition.

WHAT TO DO IN A SITUATION OF BULLYING OR VIOLENCE?

Any person can contact the Principal of a school or a Centre Director to report an incident. In the event of dissatisfaction, you can submit a complaint using the following procedure:
